

# School Partnerships

- Locke Hill ES
- Colonies North ES
- Rawlinson MS
- Clark HS

Our goal to better serve our community schools is to ask the school staffs what they need. University has supported schools in our neighborhood through various donations such as school supplies, picnic tables, family bags of food, water bottles, teacher appreciation snacks, disposable kids face masks, etc.). As we increase in volunteers to serve and financial resources, we are always looking to grow the number of school partnerships. We also collaborate with [School Connect, San Antonio](#) in an effort to inspire other churches to partner with schools in their neighborhood.
